

Client Meeting Number 3
Attended by Kevin Conner, Dave Hall
September 18, 2014 10:30 a.m. Siena Hall 306

BlackBoard:

Discussed integration with blackboard and if unable to integrate we will at least look into replicating the interface/database dynamic of blackboard for our software.

Sharing with Dr. Eddy:

Gave Dr. Eddy our Software Plan and will give him an online copy through google drive. Also discussed sharing progress on software with map flow chart.

Meeting Times:

Discussed meeting times and determined if we need extra time with Dr. Eddy we can just email him and figure out a time. If we have nothing to discuss, Dr. Eddy said it is alright if we email and cancel the meeting.

Shared the Software Plan and gave Dr. Eddy viewing rights to the google drive document.
